Technical Data Sheet: Glass braided sleeve with plastic fibre

Artikle number: 025.1003028136-S

technical data of material:

Tensile strength	3400 MPa
Modulus	73000 MPa
Elongation	4,5 %
Density	2,6 g/cm ³
Material	Plastic fibre 1383 TD 22

technical data of artikle:

Width, streched	11 mm
Wall thickness, single	0,22 mm
Threats	100
Filaments, streched	12
Diameter	7 – 30 mm
Weight per 100m	1,420 Kg

We declare that supply will accord to regulation of order.

All measurements including tolearnace +/- 10 %.
